

Esker Receives 2014 Cloud Computing Excellence Award

Sydney, Australia — July 15, 2014 — Esker, a worldwide leader in document process automation solutions, announced today that TMC, a global, integrated media company, has named Esker on Demand as a 2014 Cloud Computing Excellence Award winner.

The Cloud Computing Excellence Award, presented by [Cloud Computing magazine](#), recognises companies that have most effectively leveraged cloud computing in their efforts to bring new, differentiated offerings to market.

“Receiving this prestigious award is a great honour for our organisation, and helps confirm our continued investment and development in the dynamic market of cloud-based document process automation,” said Steve Smith, U.S. Chief Operating Officer at Esker. “As our preeminent product offering, it’s rewarding to see Esker on Demand be recognised for its achievements both nationally and globally.”

Esker on Demand is a cloud-based document process and information exchange service that enables companies to automate the reception, processing and sending of purchase requisitions, sales orders, vendor and customer invoices, collection letters and sales and marketing communication directly from their business applications (e.g., ERPs, CRMs, etc.) by leveraging a suite of cloud-based automation solutions, including: [Purchasing](#), [Accounts Payable](#), [Sales Order Processing](#) and [Accounts Receivable](#).

“Recognising leaders in the advancement of cloud computing, TMC is proud to announce Esker on Demand as a recipient of the Fourth Annual Cloud Computing Excellence Award,” said Rich Tehrani, CEO, TMC. “Esker is being honoured for their achievement in bringing innovation and excellence to the market, while leveraging the latest technology trends.”

The results of the 2014 Cloud Computing Excellence Award were announced via [press release](#) and will be published in Cloud Computing magazine.
